

PRESS RELEASE

AGORA CLIMATE ACTION 2023

BY ABDELMALEK ESSAADI UNIVERSITY
TANGIER, JUNE 21ST, 2023

On the sidelines of the MedCop Climate event, and aligning with its approach to the university social responsibility, Abdelmalek Essaadi University is organizing on June 21st, 2023 **"AGORA Climate Action 2023 by Abdelmalek Essaadi University"** at the National School for Applied Sciences of Tangier.

"AGORA Climate Action 2023 – Abdelmalek Essaadi University" is a university forum for climate solutions exchange, with the objective of creating an interactive space for sharing and exchanging around climate initiatives developed within Abdelmalek Essaadi University in applied scientific research and innovation, along with all its stakeholders, national and international partners.

Agora Climate Action 2023 – Abdelmalek Essaadi University will house five interactive spaces: Research and Development Space, Entrepreneurship and Innovation Space, University Social Responsibility and SDG Space, Networking & Partnership Space, in addition to a space for reflection and debate addressing two themes: **"University Social Responsibility at the service of Climate Action: Green Campus Challenge"** and **"Research, Development and Innovation for Climate Action: What models of Mediterranean university cooperation?"**

Welcome to the "Agora Climate Action 2023 – Abdelmalek Essaadi University" on June 21st, 2023 at 10 am at the National School for Applied Sciences of Tangier.
